

We are wrapping up another year of homeschooling, and the girls are excited about the coming summer. They all have spring birthdays, and are now 8, 10 and 13. Ice skating lessons continue to be a highlight of their week, and the spring piano recital is approaching. Every spring we enjoy seeing the Texas bluebonnets, and this year we took a Saturday afternoon drive in the country to see huge fields of them. It made for some fun photo opportunities!

Texas bluebonnets

In June and July, Alyssa and Sabrina will each go to camp, and all the girls look forward to participating in our church's VBS. This summer will not hold any major traveling for us, so we are looking forward to having lots of family time and a slower pace!

Ministry Update:

Obrerofiel.com: God continues to use this web ministry to help thousands of believers each month in their Christian walk and discipleship of others. In early April, we released a much improved search function which has been appreciated by the regular Obrerofiel.com users. In May, we will be working to create a new and improved front page that will allow Obrerofiel users to interact with the myriad of ministries Obrerofiel provides.

We are praising God for: A financial gift to Obrerofiel for web programming, the completed drill-down search, the thousands of people that are being influenced with good solid doctrine through the 6,000 + free materials available on the website, and the continued influence in the lives of new believers through our partnerships with Got Questions and Global Media Outreach.

We would appreciate your prayers on behalf of the Obrerofiel team for: the design and layout of a new front page for the website, our programmer who will make the front page design layout a reality, continued wisdom as we sell relevant advertisements on Obrerofiel to create income that will help to fund this ministry, and wisdom for our leadership team (Keegan, Brian and Scott, who oversees scores of volunteers).

HOPE Coffee: We are off and running with this new coffee ministry of CAM International. For those living in CA, FL, or TX, we now have the ability for you to become involved as a volunteer Java Agent and help us distribute HOPE Coffee. You can find out more on www.hopcoffee.org. All of these details are consuming a large portion of my time as we are in this startup phase. In the coming month, we will also be launching the ability to sell HOPE Coffee as a fundraiser for church youth groups, schools, and other organizations.

We are praising God for: continued sales of HOPE Coffee and interest in this unique ministry, connections with other believers around the US who are helping to promote this coffee whose mission is missions, and John, a CAM missionary, who fulfills all of the orders.

We would appreciate your prayers on behalf of the HOPE Coffee team for: wisdom in selecting additional products to offer, prudence in finalizing the ability for groups to use HOPE Coffee as a fundraiser, new Java Agents who are beginning to distribute HOPE Coffee, and wisdom for our leadership team (Mark, Peyton and Brian)

Business as Mission: One of the long range objectives that a team of us at CAM are working on is how to incorporate business into the ministry. The short answer is... There is no divide in Scripture between the "Sacred" and the "Secular" as we term it today. Your work in the business world is just as "sacred" as mine as a "missionary". ☺ Yes, God has called you to be salt and light in the area of business in which you work. Pray for our team (Doug, Voltaire, Keegan, Duke, Brian) as we discover God's plan for CAM International and search for ways for business people to partner together and use their business background in ministry.

Thank you for praying for us and the ministries of CAM International

Brian, Jennifer, Alyssa, Sabrina, Olivia Masters
