

Family:

A summer at home to recharge our batteries was just what we needed! While all three girls have had camp weeks, our schedule has been much slower, and we have thoroughly enjoyed some down time! Alyssa and Sabrina head off tomorrow for one final week of camp, and then we'll spend a few days at the beach as a family in the middle of August before school starts again. This fall, Olivia will begin 7th grade, Sabrina 9th grade, and Alyssa will be a senior in high school! All three girls will continue to homeschool, with Alyssa pursuing more classes for dual credit at a community college. It's hard to believe this will be our 10th year of homeschooling, with our first graduation! Alyssa will graduate from high school with 30 hours of college credit already completed. She plans to take one year of classes at the community college, and then transfer to Dallas Baptist University for her last two years of her Graphic Design degree. Sabrina is very excited about attending a teen songwriting camp this next week, and continues to develop her guitar and songwriting talents. Olivia is enjoying her first summer of youth group activities, and loves spending time with friends and working on her latest gymnastics skills. We appreciate your prayers as we begin another school year, that God would guide us into the activities that he wants us to be a part of, and that we keep our focus on him!

The Gospel | Unity | Coffee

The gospel is simple; yet it takes courage to share it. The gospel is simple; yet hard for some to accept. The gospel is simply that we are sinners facing a death penalty and Jesus as God's Son took away that penalty for those who believe in Him. As our team in Honduras has connected

with scores of pastors this year, they have found many rural churches are in desperate need of being trained in how to share the gospel. Pray for Raul and Mark as they lead several evangelism training sessions with these churches and walk with them as they reach out to their community to share the gospel of Christ. For those churches who complete the training and engage in their community, we are encouraging them to develop deeper relationships in their community by working together and meeting a physical need for a needy family through a HOPE Coffee project. These projects serve to further the relationships as the gospel is shared and lived out among their community.

Our whole team has felt a growing sense of unity as we have delegated several areas of responsibility to each team member according to their God given abilities. Thank you for praying for this time of spiritual and professional growth as God has stretched us and challenged us to remain focused on Him.

God has not stopped surprising our team with His goodness. In June, He opened the door for HOPE Coffee Honduras to have their own coffee shop in Siguatepeque! This was totally unexpected. We are excited to see how this location will help expand the evangelistic efforts of the Honduran church in some very unique ways. Above and beyond all these things, God has also allowed our sales to increase beyond our expectations for this year!

Please keep praying for our team as we

- engage in conversations and research with several large churches in the Dallas area about considering HOPE Coffee.
- finalize the designs for a new product that will be coming out in a couple of months.
- attend 4-5 church leader conferences this fall in order to share about HOPE Coffee.
- participate with Honduran believers in sharing the gospel.

Thank you for being part of our prayer and financial support team!
