

**O**n February 3, 2001, we loaded our moving truck and headed for Dallas to begin working with CAM International. Over the last ten years, we've seen God direct us and use us in ways we never imagined. He has been faithful and we look forward to seeing how he will direct in the years to come.

We thought you might enjoy these pictures showing how our family has changed over the last ten years. When we moved to Texas, Alyssa was 2 ½. It's hard to believe that she will be 13 this spring!

After months of research and hard work, we are excited to announce the launch of HOPE coffee. Check out [www.hopcoffee.org](http://www.hopcoffee.org) for more information about how this business will provide income that will help support CAM ministries in Honduras, and to purchase this high quality coffee.

Another of Brian's projects this last year was working to develop additional online ministries through the obrerofiel.com website. Since August, over 3000 people from 46 countries have registered for the online discipleship Bible study. They are being encouraged and disciplined in their faith by several online facilitators.

CAM has hired a company called Blue Dove to program an advanced search function on the obrerofiel.com website to make it easier for the 50,000 monthly users to find relevant material among the 5,000+ free resources on the site for their ministries. Pray for a quick finish to this project and easy implementation.

We want you to know how much we appreciate your prayer partnership with us over the last ten years. It is very evident to us that our ministry cannot be effective without prayer. Please continue to lift us up daily!

Brian, Jennifer, Alyssa, Sabrina and Olivia Masters
