

## FAMILY

**Summer gathering with Brian's family**

**W**e are off into the whirlwind of our fall schedule. We made a last minute change in our plans for Alyssa's and Sabrina's schooling for this year. Jennifer is home schooling Alyssa this year, and Sabrina is attending our church's Kindergarten program Tuesday-Thursday. This change has been great for our family, and has allowed us to have more family time. We're not sure what next year will hold, but the girls are enjoying the current situation. Jennifer continues to teach piano lessons, accompany worship at church (and occasionally plan a worship service) and sometimes accompany for the public schools.

### **GEEK SPEAK (Brian's column)**

*To Morph – "one thing turning into another"*

It's morphing time! CAM Center morphed into the 21<sup>st</sup> century with the installation of a video surveillance system for extra security on our property in September. We were thankful for Tim and Patricia Young's ([www.lightsys.org](http://www.lightsys.org)) expertise and help with this install. Our web technology is also continuing to morph as we finish the My HomePage tool for our missionaries in early December.

It's morphing time! In September, CAM's leadership asked me to consider serving CAM by morphing into the Director of Operations at CAM Center. After a time of prayer, reflection and listening to God, we accepted, with great anticipation, this change in our ministry. The departments for which I'm responsible to oversee and direct are Information Technology (yes, I'll still be involved in technology), Accounting, LibrosCPC.com, Missionary Services, Communications, Facilities, Human Resources and the Mission Home Apartments for our missionaries. Do you remember those days at Sprint (1995-2001) that I spent in the Treasury Department, Cash Management, and IT? We are convinced that God has been preparing and training me for this area of responsibility. What precise training he has given to

us for which we were totally unaware. It makes me stop and wonder – "For what area of service is he training and preparing you?"

It's morphing time! In August, we had a single dad come to our Sunday School class who was searching for some Christian friends and direction. Bobby has been on drugs in the past, was recently in jail, and is close to being divorced from his wife. He was interested in meeting for a Bible Study and so we began a study using the book "Stranger on the Road to Emmaus" ([www.goodseed.com](http://www.goodseed.com)). Bobby continues to morph in his walk with Jesus and our church is stepping up to help, with many of our members supplying jobs, housing, transportation, child care, clothing for the kids, and support for Bobby and his girls.

It's morphing time! Bobby and I meet on Wednesday nights at our church to study The Stranger on the Road to Emmaus. He has brought several guys with him over the past few months. Some guys stay for a while and some guys only come for 1 or 2 studies. On September 20<sup>th</sup>, Bobby brought 2 teenagers (Chris – 15; Jeremy – 18) with him to the study. As we talked that night, I shared the Gospel with Chris and Jeremy and both of them trusted Christ. Pray for these two guys with whom I may never have contact again because they recently moved to a neighboring town.

### **PRAYER:**

- Completion of the My HomePage tool for our missionaries.
- Wisdom and discernment for the 2007 goals and plans for CAM Center.
- Bobby, Chris, and Jeremy's spiritual growth.
- Olivia (3 years old last May) to learn more about her need to accept Christ.
- Opportunities to use Spanish weekly.

### **PRAISE:**

- Chris and Jeremy trusted Jesus!
- Bobby has turned from his evil ways and is growing spiritually.
- Video surveillance system was successfully installed.
- [www.christmasatcam.com](http://www.christmasatcam.com) is ready to raise funds for CAM ministries.

*The Masters*

Brian, Jennifer, Alyssa, Sabrina and Olivia Masters
