

Family: It's hard to believe that autumn is here! After a very long, hot (record setting) summer, we are enjoying cooler temperatures and even some much needed rain. Jennifer and the girls are one quarter of the way through their homeschool year already! The girls continue to enjoy taking figure skating lessons and are hard at work preparing for their Christmas ice show. They love their involvement with AWANA and youth group at church and enjoy spending time with friends. We are looking forward to spending time with family over Thanksgiving and Christmas!

Business as Ministry Incubator

I've recently described our ministry with CAM International as one of a business incubator to help research and launch different "business as ministry" (BAM) models. Once the businesses are launched in a beta version, we would like to find professional Christians with a heart for missions, a head for business, a skill for the industry sector involved, and a passion to grow these companies for the glory of God. We are partnering with BAMMatch.com and other ministry / business outlets to help us find interns and business professionals who might wish to get involved in BAM at CAM.

Obrerofiel.com: With nearly 100,000 visits a month to the website Obrerofiel.com and with over 35,000 people subscribing to the twice-a-week e-magazine that is sent out to encourage, equip and educate Latin believers around the world, we are launching the sustainability income model. Pray for Gloria, who is beginning to sell web advertisements on Obrerofiel.com to Spanish-speaking Christian companies. Our goal is to sell enough web ads to supply over 50% of the operating budget, which is approximately \$60,000 a year. We praise God that we can provide 5-6 Latin brothers and sisters in Christ in Mexico with jobs and ministries as they work for Obrerofiel.com. Pray for the thousands of Latin leaders around the world who are using this material to evangelize and disciple people around the world.

HOPE Coffee: This ministry / business continues to expand and grow as churches and businesses learn about how they can make in an eternal impact by drinking HOPE Coffee. As HOPE Coffee partners with the Honduran churches to reach out into their communities, together we have seen the following impact: repaired 9 roofs, poured 12 floors, constructed 6 pilas for water storage and cleaning, built one home for a widow and her family, and led one man to a relationship with Jesus Christ! Thank you to all who purchased HOPE Coffee during the first 9 months of 2011. You can see this third quarter impact report and read about our January 2012 HOPE Coffee trip by visiting us at www.hopcoffee.org. God amazes us at each step along the way as He opens marketing doors before us and connects us with people who are excited to lend their expertise to HOPE Coffee. Please pray for our team as we plan for 2012 and the expansion of our product line to include

decaf, medium, bold, and espresso roasts as well as green coffee for those who roast their own coffee.

Business as Mission: We are following God as he opens the doors of opportunity to pursue several opportunities. One is a sales force for a Christian owned organic fertilizer company in which we could employ Latins to take the Gospel to the nations as they are making relationships and selling this product in other countries. Another is an office building cleaning company that is owned by a Latin brother-in-Christ who would sub-contract work to a CAM owned cleaning company based in Dallas which would employ Latins and other believers. All of these opportunities are being pursued using our four criteria: 1) To create income for the operating budget of CAM International. 2) To provide ministry opportunities in which we can disciple Latins around the world. 3) To create jobs for Latins to take the Gospel to the nations. 4) To teach a biblical worldview of work as worship.

Thank you! Your gifts, cards and prayers for our ministry are much appreciated as we daily walk with Christ down an unknown path toward his will for CAM and business as mission. Please pray for us in our quest to break down the barrier between the sacred and the secular. "The secular becomes spiritual if done for the eternal, and the spiritual or religious becomes secular if done for the temporal" (from Kent Humphreys "Shepherding Horses – Volume II").
